PROFESSIONAL SUMMARY

Electronics and Communication Engineering graduate with a strong foundation in programming, technology, problem-solving, and analytical thinking. A quick learner with hands-on exposure to software development, technical projects, and modern technologies. Possess strong communication, teamwork, and adaptability skills, with a keen interest in learning new technologies and contributing to organizational growth. Seeking an entry-level opportunity to apply technical knowledge, develop professional skills, and build a successful career.

TECHNICAL SKILLS

Programming	Python, Java, SQL/MySQL
Data Science	Pandas, NumPy, Matplotlib, Exploratory Data Analysis (EDA), Data Cleaning, Data Visualization
AI&ML	Scikit-learn,Supervised Learning,Classification,Predictive Modeling,Model Evaluation,Feature Engineering Generative AI, Large Language Models (LLMs), Prompt Engineering, AI-assisted Data Analysis,AI/ML Fundament
Deep Learning	CNN, Image Classification, Data Augmentation
Tools &Web	Git/GitHub, HTML, CSS
Core Skills	Statistical Analysis, Problem Solving, Analytical Thinking, Data Interpretation

PROJECTS

Gesture Recognition

- Developed and optimized CNN-based hand gesture recognition system,achieving 95% accuracy on MNIST and an F1-score of 0.85 using a fine-tuned pre-trained model.
- Experimented with different model architectures and data augmentation techniques,achieving a 5% improvement over baseline performance.
- Applied machine learning and deep learning concepts including image preprocessing,model training,evaluation,and performance analysis.

Alcohol Detector

- Developed a device/system concept for detecting the presence of alcohol in a person's breath for safety-oriented applications.

INTERNSHIP EXPERIENCE

Python with Data Science Intern | Trios Technologies Pvt. Ltd. | Jul–Aug 2023

- Assisted with data cleaning, analysis, and visualization using Pandas, NumPy, and Matplotlib.
- Supported machine learning model development with Scikit-learn for predictive analysis and pattern recognition.
- Automated data collection tasks using Python scripts, improving process efficiency by 30%.
- Collaborated with team members to present insights through reports and interactive dashboards.

EDUCATION

B.E. – Electronics and Communication Engineering | Panimalar Institute of Technology | 2021–2025 | CGPA: 8.0

HSC | Narayana Junior College | 2019–2021 | 81%

SSC | Veda Vyasa Vidya Niketan | 2019 | GPA: 9.3

CERTIFICATIONS

- Smarticulture – IJRASET
- Networking Essentials – Cisco
- Cyber Security Analysis and Design – NASSCOM

LANGUAGES

English | Telugu | Tamil
